

# DNP Response to LRP Charge

---

DNP Chair

NSAC

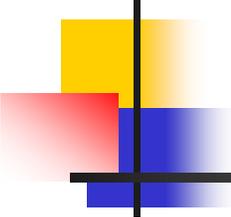

21 July 2006

# DNP will organize Town Meetings

---

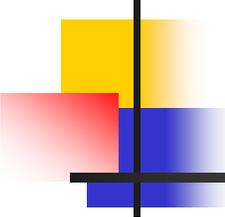

- Started before the Dallas 2006 APS meeting
- Kicked off community input with Town Meeting in Dallas
- A number of Executive Committee conference calls have been devoted to planning

# Principles

---

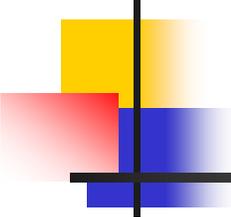

- Follow community wishes as much as possible
- Theorist/experimentalist co-Chairs for each town meeting organizing committee
- Executive committee members participate on each organizing committee
- Chair to ensure overall makeup of organizing committees is broadly representative

# We will have $3\frac{1}{2}$ Town Meetings

---

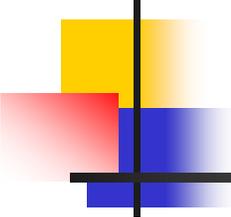

- Nuclear Structure & Astrophysics
- Neutrinos, Neutrons, Fundamental Symmetries
- QCD
  - QCD Structure of Hadrons & Hadronic Interactions
  - Understanding the QCD Phase Diagram

# Nuclear Structure & Astrophysics

---

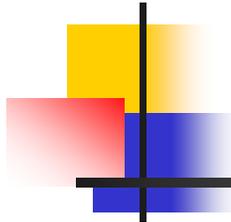

- Organizers: H. Schatz (MSU) and R. Janssens (ANL)
- In parallel with Neutrino...
- Meeting location will be Chicago, local committee led by Zheng-tian Lu; LANL will support (Elliot)
- January is likely date

# Neutrinos, Neutrons, Fundamental Symmetries

---

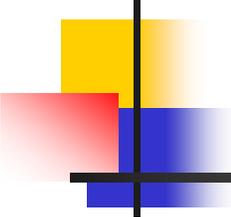

- Organizers: Hamish Robertson (Washington) and Michael Ramsey-Musolf (Cal Tech)
- In parallel with Structure...
- Meeting location will be Chicago, local committee led by ANL (Zheng-tian Lu); LANL will support (Elliot)
- January is likely date

# QCD

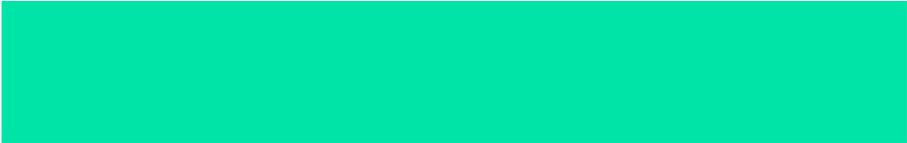

---

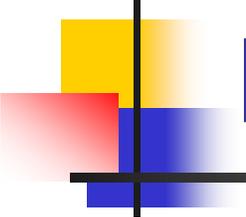

- Two meetings with many joint sessions
- One Meeting with many parallel sessions
- Local organizer Rutgers (Gilman); location New Jersey...
- Goal: single white paper

# QCD Structure of Hadrons & Hadronic Interactions

---

- Organizers: Zein-Eddine Meziani (Temple) and 

# Understanding the QCD Phase Diagram

---

- Organizers: Bernd Muller (Duke) and
